Christ Church Primary School PE and Sport Vision Statement

At Christ Church Primary School, we believe that Physical Education and Sport play a vital role in the physical, social, emotional and intellectual development of children. Physical Education and sport are central in giving children the knowledge and understanding in order to make a positive impact on their own health and well-being. The physical education curriculum at Christ Church aims to provide children with the opportunity to take part in a range of sports and physical activities, carried out in a safe and supportive environment, where effort and hard-work, as well as success, is celebrated.

National Curriculum Aims

- Competent pupils able to excel in a broad range of physical activities.
- Pupils have the ability to be physically active for sustained periods of time.
- Pupils to be able to engage in competitive sports and activities.
- Pupils to be supported to lead healthy and active lifestyles.

Sports Premium 2017/18

The primary 'sport premium' funding for primary schools has been designed to help schools in a variety of ways. Some of the outcomes we hope to meet through the 'sport premium' are:

- Improvements in the quality and breadth of PE and sporting provision, including 'increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of'.
- Improved quality of teaching and learning in Primary physical education, including more dynamic and sustained exercise in lessons.
- Increased opportunities for competitive sport.
- Develop the range of sporting activities offered.
- Foster links with local sporting clubs.

How the Sports Premium is being used at Christ Church

- Providing coaches from local clubs for after school sports clubs to improve 'Pupil Engagement'. This allows pupils to have access to a range of after school activities linked to a variety of sports (**£1080**)
- Providing opportunities for exciting physical activities in school time. This allows us to have engaging and active lunchtimes and provides opportunities for pupils to take part in a variety of sports (**£4320**)
- Professional development opportunities in PE/sport. This allows staff to develop their skills in delivering high quality PE (**£169**)
- Buying new equipment to improve resources within the school. Allowing the children to have access to high quality resources will improved their attitudes towards PE and help staff to deliver quality lessons (**£687.96**)
- Buying into the 'Robert Sutton School Sports Partnership'. This provides us with access to high quality training, advice and provision for PE (**£1500**)
- Purchasing outdoor play equipment, solar stopwatch and surfacing for the playground. This allows more active playtimes and lunchtimes throughout the year to engage more pupils as well as adding a new dimension to PE lessons (**£13629**)
